February, 2009

Wyco Tool Appoints Dominic Cariello as General Manager

Wyco Tool, a division of Racine Federated Inc. has announced the appointment of Dominic Cariello to the newly created position of General Manager. As General Manager, Dominic will be responsible for all aspects of the Wyco division, including Sales, Engineering, Production and Purchasing. He will report to David Perkins, Racine Federated's CEO and President. In addition to this new role, Dominic will continue his responsibilities as the Racine Federated Corporate Quality Manager. Previously, he held positions in the engineering, quality and manufacturing departments as well as General Manager of Racine Federated's Blancett Division. With over 18 years of experience, Racine Federated is confident Dominic will have much success in his new role as General Manager for the Wyco division.

Dominic is a Brigadier General in the Wisconsin Army National Guard where he is assigned as the Assistant Adjutant General for Army. He has served in the Wisconsin Army National Guard over 28 years. He has a Bachelors of Science degree in Mechanical Engineering from the University of Wisconsin-Parkside as well as a Masters of Strategic Studies Degree from the United States Army War College. Dominic and his wife Rosemary have two children, a daughter Michaela and a son, Matthew.

Wyco is a leading manufacturer of internal concrete vibration products, including handheld electric and portable gas-powered vibrators as well as hydraulic vibrators for paving machines. These products feature the patented Square Head vibrator head design for faster compaction, available in multiple diameters.

Racine Federated is a privately held manufacturer of flow meters and internal concrete vibrators based in Racine, Wisconsin, USA. Products are sold under the following trade names: Blancett[®], Dynasonics[®], Flo-tech[™], Hedland[®], Preso[®], Racine[™] and Wyco[®]. For further information, see individual web site links at www.racinefed.com and www.wycotool.com for specific Wyco information.
