

CK-8900 Series

W3290XX **9000 Series Core**

Used with current model Motors as well as 901 and 991 model Motors that were built from 1987-1993.

Core is hexed on both ends.

For use with 750-D and 750-EH Heads

To help identify the core, a part number is stamped on the hex end. If you have a C9007 core, the core will read 9007

W218-9XX **8900 Series Casing**

Used with Current Model Motors.
For use with 750-D and 750-EH Heads.

1-1/4" – 24 thread on Motor end

23/32" on Head end.
